COLLEGE PROFILE

Dnyanprassarak Mandal's College and Research Centre is located on a spacious campus on the top of Assagao hills in Bardez taluka of Goa. It is well connected by road from Mapusa town as well as the coastal villages. In the post liberation Goa, there were no facilities for higher education in Commerce in North Goa. This need was fulfilled in the year 1974 when Dnyanprassarak Mandal set up the first Commerce College in Mapusa to cater to the aspirations of the people who wished to graduate in the field of Commerce. In order to adapt itself to the rapidly changing socio-economic global scenario, the college decided to diversify and introduce a wider range of programs. The College introduced the Arts and Science faculties from the year 1996, B.B.A., B.C.A. and M.Com. in 2006, M.Sc. (Pharmaceutical Chemistry) in 2009, PhD in Commerce (2012) and Ph. D. Chemistry (2014), M.Sc. (Organic Chemistry) in 2017 and M.Sc. (Environmental Science) in 2021. From the academic year 2019-20, Honours Programs in History, Economics, Mathematics and Geology were introduced. This steady progress in the academic and infrastructure of the college has been made possible through the support and generosity of the Management of Dnyanprassarak Mandal, Mapusa which was founded way back in 1908 and had unwaveringly moved ahead in the field of education right from K.G. (Primary Education) to P.G. (Higher Education) and Research.

The college is accredited by NAAC four times. In the fourth cycle the college has retained a score of 3.15/4.00. The college has had the distinction of being ranked among the top 150 colleges of India in 2017 under the National Institutional Ranking Framework (N.I.R.F.) of the Ministry of Human Resource Development., Government of India. The college is ranked among the top 150 colleges of India. B.C.A. -114; B.Sc. – 135; B. A. – 110 and B.Com - 116 by India Today Magazine in 2022. The BBA program is ranked 30 among the Management Institutions of India by Times of India. The college was one among the 338 Higher Education Institutions of India selected by the Ministry of Human Resource Development, Government of India under the UNNAT BHARAT ABHIYAN. The college was awarded the "A" grade under the "Swatchatam Mahavidylaya Scheme (cleanest college)" by Goa University. It was also awarded the "Lokmat Goan of the Year" Award under the "Best Educational Institution Category" by the daily Lokmat in May, 2016.

The college constantly strives to provide the best of everything to the students for their all-round development. The dedicated teaching, administrative and support staff, along with the Principal, Vice-Principal and Management members have only one goal in mind – the welfare of the student community. Towards this end, the college organizes several co-curricular and extra-curricular activities to provide a platform for students to exhibit their skills and creativity, thus making the college life of the students a rich, rewarding and satisfying experience......

National Education Policy (NEP)

The National Education Policy (NEP) 2020 is a landmark reform in the field of education in India. The policy aims to transform the Indian education system and make it more holistic, flexible, and multidisciplinary. It was approved by the Union Cabinet in July 2020 and replaces the previous policy of 1986. The NEP 2020 envisions India as a global knowledge superpower and aims to equip students with the necessary skills to meet the demands of the 21st century. The salient features of the NEP 2020 at the higher education level are mentioned below:

Multidisciplinary and flexible education:

The NEP 2020 emphasizes multidisciplinary and flexible education at the higher education level. It proposes a four-year undergraduate program that will allow students to choose subjects from different streams and disciplines. This will enable students to acquire a broad-based education and develop interdisciplinary knowledge and skills. The policy also recommends the establishment of a National Research Foundation (NRF) to foster a research culture in higher education institutions.

Quality assurance and accreditation:

The NEP 2020 lays great emphasis on quality assurance and accreditation in higher education. It proposes the establishment of a single higher education regulator called the Higher Education Commission of India (HECI). The HECI will replace the existing regulatory bodies like the University Grants Commission (UGC) and the All India Council for Technical Education (AICTE). The HECI will be responsible for accrediting institutions, developing standards for quality assurance, and ensuring compliance with these standards.

Internationalization of higher education:

The NEP 2020 seeks to internationalize higher education in India by promoting collaborations between Indian and foreign institutions. It proposes the establishment of a National Education Technology Forum (NETF) to facilitate the use of technology in higher education. The policy also recommends the setting up of campuses of foreign universities in India and encourages Indian universities to establish campuses abroad.

Vocational education:

The NEP 2020 recognizes the importance of vocational education in higher education. It proposes the integration of vocational education with mainstream education and the creation of vocational courses that are on par with traditional academic courses. The policy also recommends the establishment of vocational education institutions that offer degree and diploma courses.

The NEP 2020 is a comprehensive and ambitious reform in the field of education in India. At the higher education level, the policy aims to promote multidisciplinary and flexible education, ensure quality assurance and accreditation, internationalize higher education, promote vocational education, and reform teacher education. The implementation of these reforms will require a concerted effort from all stakeholders, including the government, educational institutions, and students. The NEP 2020 has the potential to transform the Indian education system and make it more relevant and responsive to the needs of the 21st century.
