Welcome to G Suite for Education! We reviewed your application and are excited to upgrade your domain. I'm including a selection of resources to help guide your implementation.

Best Practices for Deployment

We recommend reading the G Suite for Education Quick Start IT Setup

Guide<<https://docs.google.com/document/d/1iSAa1EGbR7t3inUBkkANeY8qKMT9ROWZeTh2V8Cmfi8/edit>> to discover best practices and learn how to create users and setup policies. There are more resources to help you deploy G Suite below, or find a partner here<<https://edudirectory.withgoogle.com/en>> to aid with your technical setup.

- * Review the G Suite for Education Help Center<<http://goo.gl/bbYhP>> for commonly asked questions
- * Google for Education Privacy & Security Information<<https://www.google.com/edu/trust/>>, access FAQs about student data protection and privacy
- * Google Cloud Directory Sync<<https://support.google.com/a/answer/106368?hl=en>>, synchronize data with your LDAP directory server
- * Google Cloud Password Sync<<https://support.google.com/a/answer/2611859?hl=en>>, keep your users' G Suite passwords in sync with Active Directory passwords
- * G Suite Release Calendar<<http://whatsnew.googleapps.com/>>, keep track of upcoming features rolling out to your domain
- * Looking for enhanced security and data features? G Suite Enterprise for Education<https://edu.google.com/products/gsuite-for-education/enterprise/?modal_active=none> upgrades your digital environment with advanced security controls and education tools that elevate teaching and learning.
- * Visit the G Suite for Education homepage<<http://goo.gl/NOVBJ>> for product-specific details, customer testimonials and our webinar schedule.

In the Classroom

Are you using G Suite to deliver distance learning? Check out Teach from

Home<<https://teachfromhome.google/>>, a temporary hub of information and tools to help teachers during the coronavirus (COVID-19) crisis.

- * Google for Education Teacher Center<<https://teachercenter.withgoogle.com/>> contains free training to learn how to use the tools in a pedagogically sound way
- * Encourage educators to register for Getting Started with Google for Education<<https://teachercenter.withgoogle.com/gettingstarted/partners#teachfromhome>> for bite-size product training video tutorials

- * Google for Education YouTube channel, <<https://www.youtube.com/channel/UCt84aUC9OG6di8kSdKzEHTQ>> subscribe for updates, resources, and tutorials

Additional Services

- * For added security and compliance services, Google offers a range of products at a discount for qualified institutions. For more information, please see Google Vault<<http://goo.gl/4SwLP>>.
- * G Suite for Education also integrates with 60+ consumer applications, including Google+. By default Google + is turned off for your domain. If it remains turned off, existing data is not deleted but users will not be able to log in to Google+ using their G Suite account. To enable any of the non-core services, please follow these instructions<<http://goo.gl/3b240>>. Please be sure to only enable services that are appropriate for your end users.

We look forward to your school's deployment!

Thanks,

G Suite for Education Approval Team
